

do Good Movement

Supplies:

- Paper towel cardboard tubes
- Glitter, glue, markers or other decorating supplies
- Duct Tape
- Scissors
- String

Instructions:

- Collect supplies; If using paper towel roll cut in half so that one roll makes a set of binoculars.
- Use decorating supplies to make the paper towel rolls unique to each student.
- Attach the cardboard tubes to one another by using the duct tape. Use one large piece to go around the two tubes twice. Make sure to leave a little gap in-between the two pieces of cardboard for the bridge of the nose.
- Attach the neck strap. Using string or yarn to hang your binoculars around your neck. Using the scissors you can cut a small hole on the side of the binoculars on each side. Then slide the string through and knot it to keep it in place.
